EDUCATION

BS in Statistics and Data Science

(May 2026)

MS in Data Science

(May 2026)

Robert Morris University, Moon Township, PA

GPA: 3.96, 4+1 Program

High School Diploma

2021

Neshannock High School, New Castle, PA

GPA: 101.64, SAT: 1530, Valedictorian

EXPERIENCE

Data Scientist Intern

May-Aug 2025

Komatsu – Warrendale, PA

- Converted a local R-based continuous miner alarm report to Python and deployed it in Databricks, automating Snowflake data retrieval and API-based email distribution to ensure uninterrupted reporting
- Conducted cluster analysis on continuous miner alarm data to identify patterns across machines and mine sites, providing insights to improve operational efficiency
- Generated Salesforce case reports to analyze issue trends, resolution times, and team performance, supplementing findings with AI tool evaluations and ad hoc SQL reports

Procurement Analyst Intern

May-Aug 2024

Howmet Aerospace - Pittsburgh, PA

- Developed PowerBI dashboard to analyze raw material spend, enabling identification of potential areas for reducing procurement expenses
- Collaborated with IT to utilize Excel for data cleaning, analysis, and automation of reporting processes
- Presented analytical insights to HFS Procurement heads, contributing to cost-saving initiatives

SKILLS & RELEVANT COURSEWORK

Programming Languages: R, Python, SQL

Machine Learning/Data Analysis in R: caret, randomForest, ggplot2, dplyr, tidyr ; **in Python:** pandas, NumPy, XGBoost, scikit-learn, matplotlib, seaborn

Data Visualization: PowerBI, Tableau, Grafana

Data Platforms & Tools: Snowflake, Salesforce, Databricks, Azure DevOps, Postman, Excel, PostgreSQL

Coursework: Data Analysis with R, Regression Analysis, Predictive Analytics, Time Series Analysis, Data Mining Applications, Database Management, Applied Machine Learning, Data Visualization, Advanced Python for Data Analysis, C++ Programming, Data Integration for Analytics, Statistics for Data Science

HONORS

Next Century Scholarship

Full tuition scholarship funded by Netflix founder Reed Hastings
